

# Tatas to create 5L mfg jobs in 5 yrs: Chandra

**New Delhi:** Tata Group will create 5 lakh manufacturing jobs in next five years across sectors such as semiconductor, electric vehicles, battery and related industries, Tata Sons chairman N Chandrasekaran said on Tuesday.

Speaking at a symposium here, he said that India cannot achieve the goals of being a developed nation if the country cannot create manufacturing jobs. Citing the group's upcoming manufacturing units, he said, "we are setting up a number of plants". AGENCIES
